

Ensure your success with the Live Virtual Machine Labs in MindTap by Reviewing the Resources Below

First, watch these videos to familiarize yourself with the Live Lab environment:

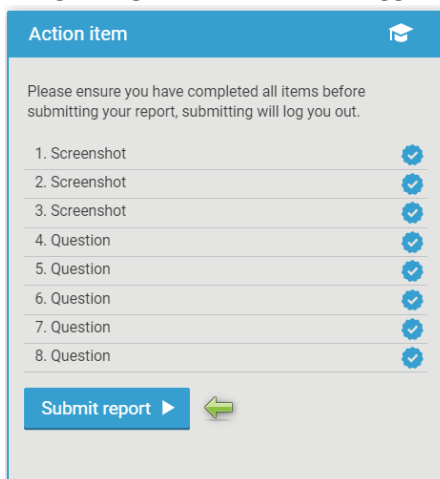

- [Introduction to Live Virtual Machine Labs](#)
- [Exploring the Live Virtual Machine Lab Interface](#)
- [Clipboard Functionality & Lab Completion](#)

To submit completed labs with screenshots & questions:

- When you are done with all requirements of the lab, first select “Done”:

- Next, review that you have completed all screenshots and questions. You can select “Submit” for each individual quiz question to submit your answer and receive detailed feedback. When all items are checked complete in the Action Item box, and “Done” has been checked as detailed in the previous step, click “Submit Report” to submit your lab for grading. You will then be logged out of the lab.

To ensure your system and browser are set up correctly:

- Run a MindTap system check on your browser (Chrome or Firefox recommended): <https://ng.cengage.com/static/browsercheck/index.html>
- Clear the cookies & cache on your browser: <https://www.refreshyourcache.com/en/home>
- Add <http://www.practice-labs.com> and <https://www.practice-labs.com> to the list of trusted sites/whitelist on your browser.
 - How to add trusted sites on your browser: <https://www.wikihow.tech/Add-a-Website-to-Trusted-Sites>
- Run an internet speed test on your browser (Broadband / Internet access requirements: 5mb download, 1mb upload): <https://speedtest.xfinity.com/>
- Review the FAQ document to address initial troubleshooting: https://cengageo365-my.sharepoint.com/:w:/g/personal/cassie_cloutier_cengage_com1/EaliCwmgMohEpelrtARJJVYBySvF7MTX_jFUStq8qZGSCg?rttime=flbZs7E610g
- Reference the Practice Labs user guide for additional details: <https://www.practice-labs.com/support/#/userguide>
